

MIAP DATABASE

Dear MIAP MEMBERS,

Your MIAP National Board of Trustees are now in communication with various government agencies e.i. DA, BAFE, PhilRice, PhilMech, BOI, DTI, TESDA, DOST MIRDC etc., other institutions and potential investors.

This is to give us opportunities to improve our lot as metalworkers in quality, design, technology, product development, marketing and finance.

However, we cannot answer some questions raised regarding our capabilities and needs.

This survey will help us come up with a database that will significantly help and guide us in crafting internal agreements, as well as, drafting papers on needed interventions to be sought for from the government and investors.

With your cooperation we hope to make our organization relevant to your business.
Mabuhay!!!
